

SOLID SURFACE UNDER-MOUNT BASINS

Manufactured in 100% top grade solid surface material.

Designed exclusively with the fabricator in mind, the waste hole & overflow slot are pre cut.

Supplied with a flexible hose kit & an overflow cover pre- bonded in place.

Inner dimensions :
400mm x 290mm x 150mm deep.

Our under-mount basin is designed to be installed beneath a pre cut work top.

Designed to fabricate seamlessly to acrylic and other solid surface materials.

Wash basin is supplied with a satin finish.

Benefits of Solid Surface:

- **Durable, solid all the way through.**
- **Repairable, easily repaired if damaged.**
- **Easy to clean, most household cleaners are suitable for solid surface.**
- **Scratch resistant, can be easily re-sanded to remove scratches.**
- **Non-porous, resists stains & never needs sealing.**
- **Seamless, joins can be made inconspicuous.**

Materials:

- ISO NPG high performance casting resin.
- Aluminium Trihydrate high grade filler.
- Polyester pigment.
