

CASE STUDY:

GUARDIAN SANITARYWARE

Anti ligature WC's & Basins

HMP Forest Bank

Solid Surface Secure Sanitaryware

LAMPLAS supplied HMP Forest Bank in excess of over 250 WC's, basins, mirrors and shelves for a cell extension.

Our anti vandal sanitaryware components are manufactured in 100% solid surface, which is a blend of polyester resin and high quality ATH fillers.

Our products are easy to clean, zero fire rated, combined with outstanding resilience making them a dependable product to specify within the secure market sector.

A range of electronic controls will be available very soon to complement the products.

"The sanitaryware was delivered well ahead of schedule and within budget"

Senior Facilities Administrator
HMP Forest Bank
